

MYCO COFFEE BENEFITS

WITHOUT THE MUSHROOM TASTE

CHAGA

Fuel your day with one of nature's most powerful superfoods.

Chaga mushroom has been used for centuries to support vitality, immunity, and inner balance – and now it's in your cup.

🌿 Natural Immune Support

Packed with beta-glucans, Chaga helps your immune system stay strong, resilient, and ready.

🔥 Antioxidant Powerhouse

One of the most antioxidant-rich foods on the planet – fighting free radicals and oxidative stress like a pro.

🧠 Brain & Mood Boost

Adaptogenic by nature, Chaga helps you stay focused, calm, and clear-headed, even on your busiest days.

❤️ Heart & Longevity Friendly

Supports healthy cholesterol and blood pressure – keeping your heart happy and your energy flowing.

🌿 Anti-Inflammatory by Nature

Say goodbye to everyday inflammation. Chaga supports recovery, gut health, and overall balance.

🔥 Clean Energy, No Crash

Boasts your body without the jitters – perfect in your coffee for sustained energy and wellness.

REISHI

At the heart of Myco Balance Coffee lies Reishi mushroom, known for centuries as the "Mushroom of Immortality." But what makes it so special? Here's what every sip of your daily brew delivers:

🌿 Immune Support, Naturally

Reishi helps your body stay strong by supporting a balanced immune response—think of it as a gentle daily shield against everyday stressors.

🧘 Calm Focus & Stress Relief

Feel grounded and centred. Reishi acts as an adaptogen, helping reduce anxiety and support restful sleep—without making you drowsy.

⚡ Sustained Energy, Without the Crash

When combined with coffee, Reishi helps smooth out caffeine spikes for a more balanced, sustained energy boost. Say goodbye to the jitters!

❤️ Heart & Mind Harmony

With potential to support healthy blood pressure, cholesterol, and circulation, Reishi contributes to cardiovascular wellness—while also nourishing brain health and mental clarity.

🔥 Anti-Inflammatory & Antioxidant Support

Packed with powerful compounds, Reishi helps your body fight inflammation and oxidative stress—key factors in aging and disease.

🌿 Daily Detox & Liver Love

Give your liver a little love. Reishi supports natural detox processes, helping your body reset and recharge.

LION'S MANE

Nature's Brain Booster & Wellness Ally

Elevate your daily routine with Lion's Mane – the remarkable mushroom known for its brain-boosting, mood-lifting, and immune-supporting properties.

🧠 Sharper Focus, Clearer Thinking

Lion's Mane naturally stimulates nerve growth factor (NGF) to support brain health, improve memory, and enhance mental clarity – helping you stay sharp and focused throughout the day.

🧘 Calm Mind, Balanced Mood

Feeling overwhelmed? This adaptogenic mushroom helps reduce stress and anxiety while supporting a positive, balanced mindset. Many users even report deeper, more restful sleep.

🔥 Stronger Immunity, Better Gut Health

Packed with antioxidants and anti-inflammatory compounds, Lion's Mane strengthens your immune system and supports a healthy gut – your body's first line of defense.

🔥 Natural Energy, No Crash

Unlike synthetic stimulants, Lion's Mane provides clean, sustained energy by supporting your nervous system – so you can feel alive and alert, without the jitters.

CORDYCEPS

Elevate Your Energy. Sharpen Your Mind. Breathe Deep. Infused into every cup of Myco Balance Coffee, Cordyceps mushrooms bring ancient wisdom and modern vitality together. Here's why this powerhouse adaptogen is your daily wellness ally:

⚡ Natural Energy & Endurance

Fuel your day—naturally. Cordyceps supports ATP production, boosting energy at the cellular level for improved stamina and reduced fatigue.

🧘 Breathe Easy

Traditionally used for lung health, Cordyceps may help improve oxygen uptake and respiratory function—perfect for staying active and balanced.

🧠 Sharper Focus, Calmer Mind

Support mental clarity, reduce brain fog, and find your flow. Cordyceps is known to enhance cognitive performance and help manage stress.

🛡️ Immune Support from Within

With powerful beta-glucans and antioxidants, Cordyceps helps reinforce your immune system and protect against everyday stressors.

❤️ Cardiovascular Wellness

From circulation to cholesterol, Cordyceps works behind the scenes to support a healthy heart and overall vitality.

🔥 Balanced Blood Sugar

Studies suggest Cordyceps can help regulate blood sugar levels—an extra layer of support for holistic wellness.

🔥 Hormonal Harmony & Libido Lift

Known as a traditional tonic, Cordyceps may support adrenal health, hormonal balance, and a natural boost in libido.

🌿 Anti-Aging Antioxidants

Packed with cell-protecting compounds, Cordyceps helps fight oxidative stress and promotes longevity from the inside out.

TREMELLA

Tremella fuciformis is a unique, jelly-like mushroom prized in Traditional Chinese Medicine for centuries. Now loved globally for its powerful hydrating, anti-aging, and immune-boosting benefits—Tremella is the secret behind radiant skin and inner vitality.

💧 Supercharged Skin Hydration
