Each Serving provides **350mg** of concentrated mushroom extract. With each ingredient offering the nutritional equivalent of **600mg** in its natural form.

All together each serving represents **3g** of whole mushroom, delivering a powerful boost of wellness in **every cup!**

We have done all the research, roasting, blending to make your life easier, quicker, smarter and cleaner

Just brew your coffee as you normally would and enjoy the effects of the Myco coffee without compromising the flavour.

ABOUT

Myco Coffee is a unique blend of Reishi, Tremella, Lion's Mane, Cordyceps, and Chaga mushrooms.

Handcrafted to **support health** holistically, this powerful mushroom mix **enhances immunity, sharpens your mind,** and **revitalises your body** from the inside out.

This super supplement has then been paired beautifully with a **rich fresh roast coffee** direct from our roastery and blended together to produce the **perfect daily drinking coffee** in either filter ground or capsules format for the home or office.
